

OZAUKEE COUNTY HISTORICAL SOCIETY  
Cedarburg, Wisc. 53012

To: The Milwaukee Radio Amateurs Club.  
Attn: J. Tromblay, Sec'y.

The Ozaukee County Historical Society was pleased to host your organization at our Pioneer Village recently for your annual Field Day exercises. We have felt that this is an event in the best interests of the public, in that training is stressed for use of radio in the event of an emergency nature.

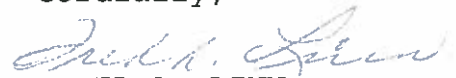

Your event is not only a training exercise, but it gives our regular visitors an insight which they might not ever receive, and of which they might not previously have even been aware.

We also appreciate the care with which the Village site has been treated, especially leaving the grounds and buildings in the condition in which they were found. Since the Village is sited on County land, we feel a serious responsibility in its maintenance and order.

If your organization wishes to repeat the episode in the following years, please do not hesitate to request permission.

Cordially,

June 30, 2000

  
FRED A. LINN  
Director
